DIAMONDGRID™

VET CLINIC ROSEHILL

“ABOUT SIX WEEKS AGO, WE LAID DOWN DIAMOND GRID THROUGHOUT THE HOSPITAL STABLES AND YARDS, AND FILLED IT WITH 3/8" DRAINAGE GRAVEL. THE RESULTS HAVE BEEN SPECTACULAR. THE END RESULT OF THE INSTALLATION OF DIAMOND GRID HAS BEEN A BIG IMPROVEMENT IN THE CLEANLINESS AND HYGIENE OF THE WHOLE HOSPITAL, AND A BIG REDUCTION IN THE AMOUNT OF BEDDING USED AND THE WORK TO KEEP IT CLEAN.

THERE WILL ALSO BE A HUGE SAVING IN ONGOING MAINTENANCE, AS WE WILL NEVER HAVE TO REPLACE THE STABLE FLOORS AND YARD SURFACES AGAIN.

WE ARE MOST IMPRESSED WITH THE PERFORMANCE OF DIAMOND GRID.”

diamondgrid.com

DIAMOND GRID CAN BE USED TO RESURFACE A WHOLE PADDOCK OR YARD, OR JUST THE BOGGY CORNERS AND GATEWAYS. THE MOST COMMON PROCESS WITH DAY YARDS IS TO FILL THE GRIDS WITH 3/8" DRAINAGE GRAVEL AND THEN COVER WITH SAWDUST OR SAND.
